

Science from Scientists' Scientist-Teacher Partnership Program: A unique professional development opportunity!

**Scientist-Teacher
Partnership week:**

June 26-30th, 2017

Register online by **April 13:**

<https://goo.gl/forms/U98a6C5OsPYNyn6v1>

This is a *free** program!

Have you ever wondered what it would be like to have Science from Scientists' lessons, kits, and materials available anytime in your own classroom?

For the first time ever, SfS would like to give you (the teachers) our lesson plans, slide decks, worksheets, prep documents, and pre-packed kits with all needed supplies so that you can learn how to lead 6 SfS modules next school year!

Join us for the week of **June 26-30th** to take part in our week-long professional development course as part of our new Scientist-Teacher Partnership program. We hope to see you there!

** If you wish to receive graduate credits for this program through Endicott College, there is an associated cost. Email stp@sciencefromscientists.org for more information.*
